**Subject:** performance

Hello! I just wanted to write to the Bangor Symphony and let you folks know that we had a couple of ladies come do a performance for St. Joseph Healthcare for a grand opening of a house that was being dedicated. The ladies were Sascha Ziburdaeva and Laura Gallucci. These ladies were not only kind and gracious, but their performance was absolutely wonderful and their music was so fitting for our event. There were several comments throughout the event from people in attendance that spoke of how lovely the music and the ladies themselves were. We just wanted to pass this along. Have a wonderful day!
